

R865. Tax Commission, Auditing.

R865-19S. Sales and Use Tax.

R865-19S-83. Pollution Control Facilities Pursuant to Utah Code Ann. Section 59-12-104.

A. Since certification of a pollution control facility may not occur until a firm contract has been entered into or construction has begun, tax should be paid on all purchases of tangible personal property or taxable services that become part of a pollution control facility until the facility is certified, and invoices and records should be retained to show the amount of tax paid. Upon verification of the amount of tax paid for pollution control facilities and verification that a certificate has been obtained, the Tax Commission will refund the taxes paid on these purchases.

1. Claims for refund of tax paid prior to certification must be filed within 180 days after certification of a facility. Refund claims filed within this time period will have interest added at the rate prescribed in Section 59-1-402 from the date of the overpayment.

2. If claims for refund are not filed within 180 days after certification of a facility, it is assumed the delay was for investment purposes, and interest shall be added at the rate prescribed in Section 59-1-402 however, interest will not begin to accrue until 30 days after receipt of the refund request.

B. After the facility is certified, qualifying purchases should be made without paying tax by providing an exemption certificate to the vendor.

1. If sales tax is paid on qualifying purchases for certified pollution control facilities, it will be deemed that the overpayment was made for the purpose of investment. Accordingly, interest, at the rate prescribed in Section 59-1-402, will not begin to accrue until 30 days after receipt of the refund request.

C. In the event part of the pollution control facility is constructed under a real property contract by someone other than the owner, the owner should obtain a statement from the contractor certifying the amount of Utah sales and use tax paid by the contractor and the location of the vendors to whom tax was paid, and the owner will then be entitled to a refund of the tax paid and included in the contract.

D. The owner shall apply to the Tax Commission for a refund using forms furnished by the Tax Commission. The claim for refund must contain sufficient information to support the amount claimed for credit and show that the tax has in fact been paid.

E. The owner shall retain records to support the claim that the project is qualified for the exemption.
